Price List 2017/2018

www.sortimo.co.uk

ICONS + FEATURES

Xpress	**Time is money** – All the designs featured in this brochure are Xpress. Normal delivery time is 20 working days however Xpress offers a reduced delivery and installation time.

3 YEARS	**3 years warranty** – Sortimo offers a 3 year guarantee on these products.
UPGRADE	**Upgrade** – This very flexible product can be individually combined with other Sortimo products.
CRASHTESTED	**Crash tested** – This product fulfils the high safety requirements of Sortimo. In co-ordination with the German TÜV, DEKRA and the ADAC, the equipment has been successfully crash-tested in simulated emergencies.

LIGHTWEIGHT & TOUGH	**Lightweight yet robust** – The product combines modern lightweight construction with the utmost stability.
PROSAFE	**ProSafe** – The lashing point for the ProSafe hooks are integrated in the equipment and quickly ready for use.
LOW CO_2	**CO_2 reduction** – Based on modern lightweight construction, the weight of the equipment has been considerably reduced to save on petrol and reduce CO_2 emissions.

MERCEDES-BENZ AND SORTIMO – COMPREHENSIVELY CARE-FREE

Buying a vehicle is also a matter of trust.
You have chosen a Mercedes-Benz because its quality and design have convinced you. But quality and design should not know any boundaries – in-vehicle equipment from Sortimo turns boundaries into open spaces and increases your professional benefits. We guarantee it.

Sortimo Xpress offers you the possibility to quickly prepare your service and workshop vehicles for your individual job requirements, ensuring that they are used economically.

Globelyst There is no time for compromise, Globelyst is the new in-vehicle equipment from Sortimo to perfectly fit the equipment requirements of your Mercedes-Benz Citan, Vito or Sprinter.

Globelyst scores points based on its modular system. You can extend your Globelyst system exactly to your wishes at a later stage by adding cases, BOXXes, drawers or trays for small and spare parts.

You need to transport large bulky parts? – No problem. **Cargo bars and lashing tracks** provide the ideal "seating" for all large items.

Trade specific accessories can be added very individually to Globelyst. Globelyst makes your job that much easier by offering many practical solutions for your work on site, such as a folding workbench.

VERY SMART – VERY SORTIMO.

If you do have any questions one of our many sales representatives will gladly answer it.

CRASH TESTED

We've driven our product into the wall – successfully

Load safety is high on the Sortimo list of priorities – including in case of a crash. At a barrier impact speed of 50 km/h, for example, a load of 550 kg reaches a peak load of approximately 12 tons. Your load stays where it is supposed to be, in place. **Sortimo crashtests in co-operation with the German TÜV, Dekra and ADAC** and literally drives its products into the wall.

Irrespective of the product, be it Globelyst, simpleco only those items withstanding the crash-test and fulfilling Sortimo's high safety requirements will be taken into the Sortimo range.

It is the crash test which decides which products we offer our customers.

ONE SYSTEM | Sortimo Van Racking Solutions

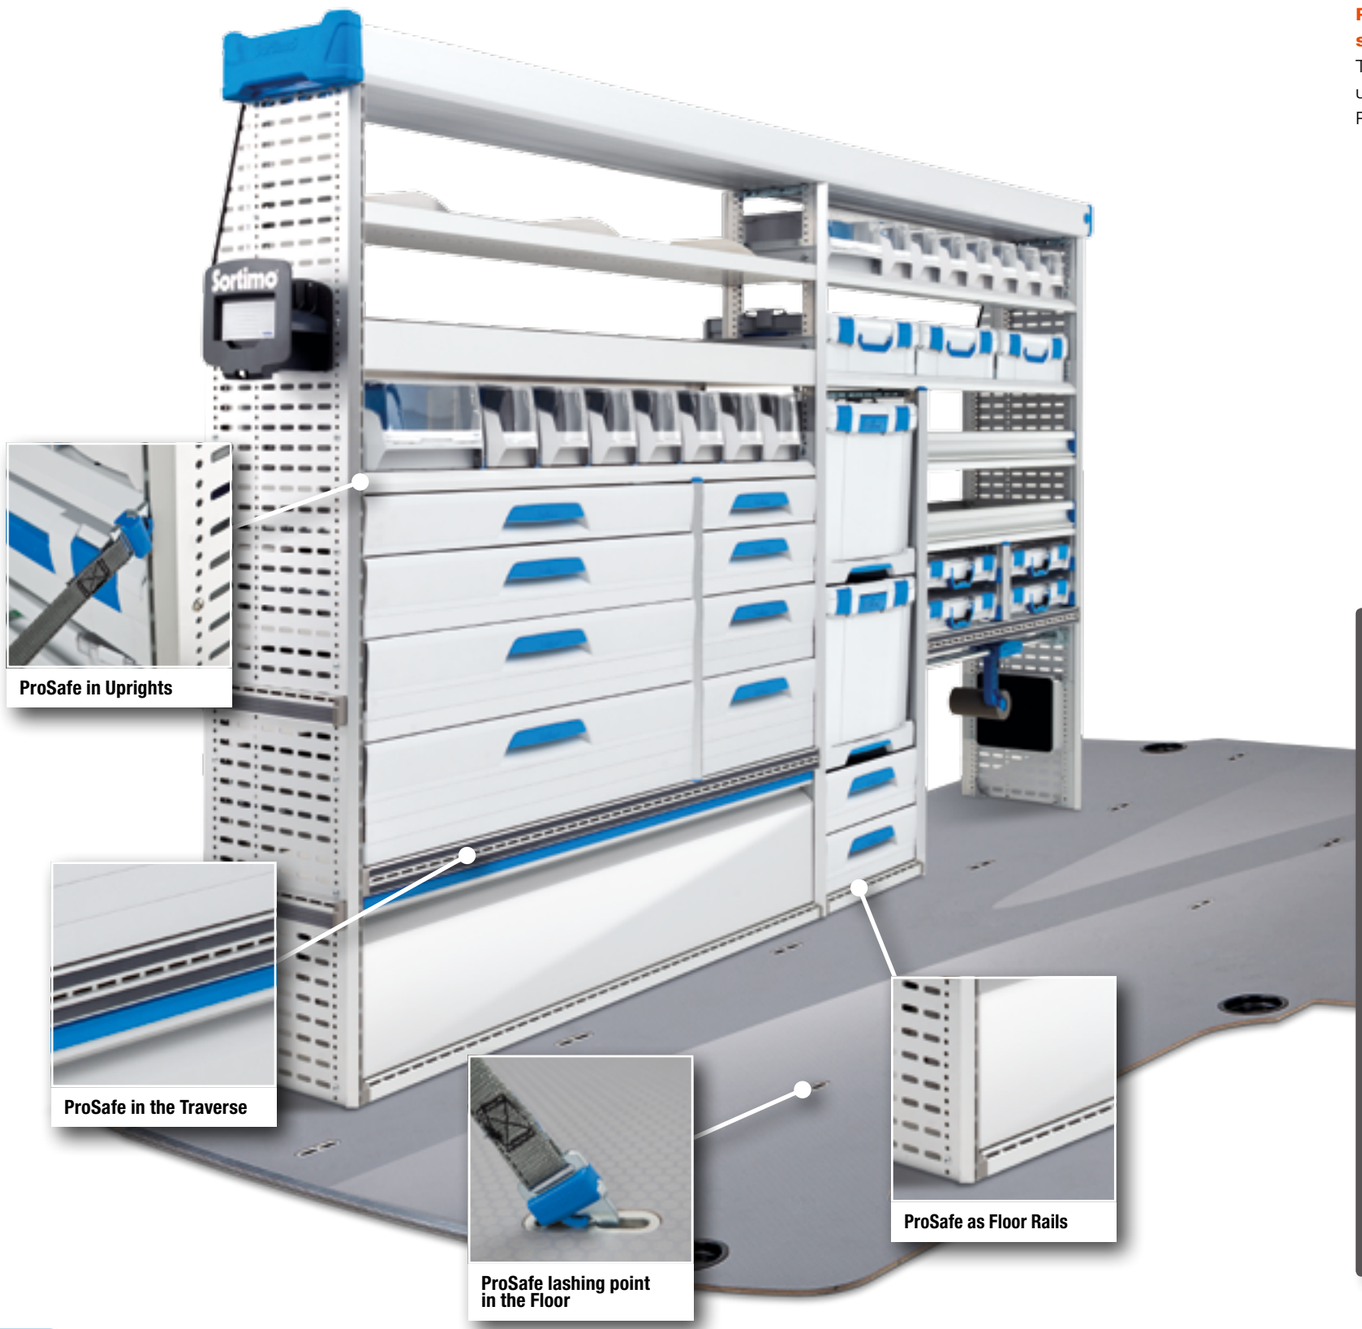
ONE SYSTEM FOR ALL

The Sortimo L-BOXXes system convinces. Many well known manufacturers already use our L-BOXXes as a transportation container or as wholesale packaging. This way our L-BOXXes are turning into partner apps for a variety of components such as tools or small parts. **Where professionalism and mobility are concerned, Sortimo sets the industry standards.**

For you as our customer the only thing that changes is the colour, because irrespective of who you buy a Sortimo BOXX with the functionality of the BOXX is not affected. The system remains the same and of course, it is **compatiable with Sortimo Globelyst**.

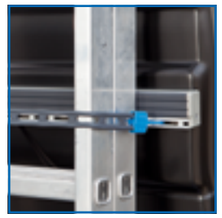
SORTIMO PARTNER APPS FOR YOUR SUCCESS

PROSAFE –
SAFETY SERIES PRODUCTION



ProSafe is integrated as a standard in the load safety system from Sortimo.
The lashing belts and load safety nets can be hooked in uprights, frames, traverses and floor rails without difficulty. ProSafe makes load safety possible in no time at all.

Your benefits:
- ✓ You and your freight are safe on the road
- ✓ You preserve your material
- ✓ You save on time, weight and money



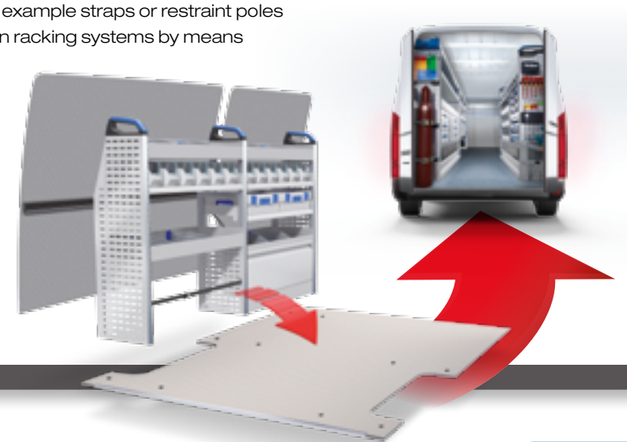
ProSafe bungee strap
The ProSafe bungee strap suits perfectly for the fixation of bulky goods in a vehicle.

CargoStopp ProSafe
The CargoStopp allows for reliable load safety on the vehicle safety floor. It is inserted into the ProSafe floor lashing point with its hook.

SOBOGRIP PROSAFE PROTECTIVE FLOOR
SECURE, TIME SAVING AND SIMPLE!

The SoboGrip ProSafe protective floor is an innovative and professional load securing concept from Sortimo which enables a completely flexible lashing of goods on the floor. That way, goods can be secured more quickly, more diversely and more efficiently than ever before. In addition the SoboGrip ProSafe floor is compatible with all ProSafe applications, such as for example straps or restraint poles and enables a quick and easy assembly of Sortimo van racking systems by means of preconfigured connection points.

The Sortimo SoboGrip ProSafe protective floor is the modular base load securing concept with
- ✓ highest safety standard,
- ✓ variable applicability,
- ✓ optimum efficiency for your workday!



GLOBELYST – AT A GLANCE

QUICK DELIVERY
QUICK INSTALLATION

Xpress – All the designs featured in this brochure are Xpress. Normal delivery time is 16 working days however Xpress offers a reduced delivery and installation time.

Xpress

Composite long components tray

The long components tray allows you to transport longer items in the vehicle without any problem.

Sortimo S-BOXX

Sortimo's S-BOXXes are available in two widths and heights. They are the ideal container for small components, spare parts or screws and can be securely locked on the shelf. You can pull the drawer out for easy access to all parts.

Sortimo i-BOXX

The i-BOXXes from Sortimo are clever little storage solutions that can be used on their own or as part of the LS-BOXX. They are available in two heights and can be fitted with Inset boxes.

Sortimo accessories

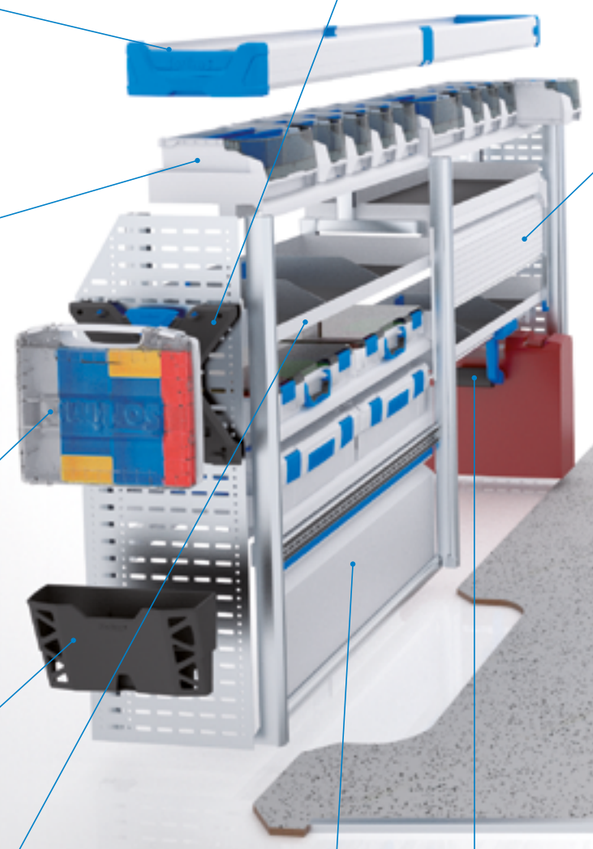
Original accessories from Sortimo are practical supplementary products for all trades and industries.
From the cable holder to the cable hook – Sortimo will fulfil your requirements.

Racks and trays

Up to the last corner, the space in your vehicle can be utilised: Tools and spare parts can be neatly arranged in the racks and trays of Globelyst.

i-BOXX Adaptor plate

Your i-BOXX is securely locked in place during transport with the aid of the i-BOXX holder. The holder can be screwed to the perforated side panel or to the vehicle itself.



Floor front

Floor fronts provide for order, visual cover and safety in the vehicle.

Case clamp

Secures tool and machine cases and can be positioned in no time.

Shutter

With the shutter made out of hollow-chamber profiles, load safety and visual cover takes only one movement.
The optional lock provides additional protection against unauthorized access.

ProSafe

The load safety system is integrated into the poles and traverses of the van racking solution.

MultiSlide

The MultiSlide allows an easy handling of all cases and BOXXes. With the full-extension slide the lids can be opened completely and small parts and tools can be accessed quickly.

Safety and protective floors

The basis for your in-vehicle equipment is the safety or protective floor. You can choose between a variety of floors. The floors are cut to size for different vehicle models, offer integrated lashing possibilities and protect the vehicle floor from damage.

Sortimo L-BOXX and LS-BOXX

Mobile plastic boxes with a wide variety of possible partitions, available in five heights. L-BOXXes can be quickly click-joined with each other and transported as one.

Sortimo T-BOXX

Thanks to the practical plastic case with the transparent lid you can see right away what is in the BOXX. The T-BOXX can be safely stored in the vehicle equipment.

Sortimo M-BOXX

A large mobile box with handle, also available with a lid. The M-BOXX locks in the system and can also be used as a drawer.

Metal case

The original case is available in many different variants. The case is on rails and can be pulled out completely.

Drawers

The new drawers with their user-friendly handles made from impact-resistant plastic are fully extendible and can be loaded with up to 80 kg. They are available in four different widths and heights.

Workbenches

Sortimo workbenches turn your van into a mobile workshop. Both, folding and extendible workbenches are available and can be supplemented with a rotating vice plate and a vice.
